

Purchasing Policy

Every expenditure of Northwest Kansas Technical College should be executed in a manner that ensures the greatest ultimate value per dollar spent.

Where an item has been approved for purchase other individually or by inclusion in the college budget, the President or the President's designee is authorized to process such purchases in accordance with policies and procedures approved by the Board and College administration.

The Board retains the right to deviate from its procurement policies, as the Board shall determine from time to time, for the acquisition of products, goods and services or a combination thereof.

Under Kansas law, all contracts relating to the purchase of goods or services must be governed by and interpreted in accordance with the laws of Kansas, and the College may not agree to submit to the jurisdiction of any other court other than a court in the state of Kansas.

The Board reserves the power to omit or modify any of the otherwise mandatory contract provisions determined or annunciations from time to time by the Department of Administration of the state of Kansas to the extent permitted by and in accordance with procedures required by Kansas law.
